

UNIT 1 Major Assessment Info

1) NO EXCUSES (Chromebook CHARGED and AT HOME (with charger), internet ready, alarm set, and please do not schedule appointments for that time period, etc.)

2) Test is in schoology. Click on Unit 1 Assessment!

3) Take the multiple-choice part (15 questions) during the first hour of your time period. You only have one attempt. After 60 minutes, it will shut you out so manage your time accordingly. Note: You are getting a random sample of 15 questions from a 30-question item bank.

4) Take the open-ended part (2 questions with multiple parts) during the last 30 minutes. Use the blank answer sheet you have been given to write and explain your responses. Take a picture and upload using “upload file link” embedded in the question in schoology. Note: Do not embarrass yourself by uploading the answers to one of the other 6 open-ended versions (a zero will be given for this part of the test).

5) Go Guardian will be used. Please do not have anything else open during the test other than schoology for the test!
